## ATTENDANCE

### Attendance Matters

Keep Your Child On Track: Pay Attention to Attendance

### Did you know ?

By 6th grade, absenteeism is one of three signs that a student may drop out of high school.

By 9th grade, attendance is a better predictor of graduation rates than 8th grade test scores.

### What Can You Do?

Try not to schedule dental and non-urgent related medical appointments during the school day.

Keep your student healthy. If you are concerned about about a contagious illness, call your school or health care provider.

### ATTENDANCE in the early grades

Many of our youngest students miss 10 percent of the school year—about 18 days a year or just two days every month. Chronic absenteeism in kindergarten, and even 9th, can predict lower test scores, poor attendance and retention in later grades, especially if the problem persists for more than a year. Do you know how many young children are chronically absent in your school or community?

**Who Is Affected**  
Kindergarten and 1st grade classes often have absenteeism rates as high as those in high school. Many of these absences are excused, but they still add up to lost time in the classroom.

**1 in 10 Kids**  
in kindergarten and 1st grade are chronically absent. In some schools, it's as high as 1 in 4!

**2.5 in 10 low-income kids** miss too much school. They're also more likely to suffer academically.

**4 in 10 homeless kids** miss too much school when families move.

**4 in 10 transient kids** miss too much school when families move.

**Why It Matters**  
If children don't show up for school regularly, they miss out on fundamental reading and math skills and the chance to build a habit of good attendance that will carry them into college and careers.

**Who Can Read on Grade Level After 3rd Grade?**

- 64% of kids with good Attendance in K and 1st (missed 9 or fewer days both years)
- 43% of kids with at-risk attendance (missed more than 9 days both years)
- 41% of kids chronically absent in K or 1st (missed 18 or more days one year)
- 17% of kids chronically absent in K and 1st (missed 18 or more days both years)

**What We Can Do**

**Engage Families**  
Many parents and students don't realize how quickly early absences can add up to academic trouble. Community members and teachers can educate families and build a culture of attendance through early outreach, incentives and attention to data.

**Pix Transportation**  
The lack of a reliable car, or simply missing the school bus, can mean some students don't make it to class. Schools, transit agencies and community partners can organize car pools, supply bus passes or find other ways to get kids to school.

**Address Health Needs**  
Health concerns, particularly asthma and dental problems, are among the leading reasons students miss school in the early grades. Schools and medical professionals can work together to give children and families health care and advice.

**Track the Right Data**  
Schools too often overlook chronic absence because they track average attendance or unexcused absences, not how many kids miss too many days for any reason. Attendance Works has free data-tracking tools.

These are a few steps that communities and schools can take. How do you think you can help?

### ASISTENCIA en los primeros grados

Muchos de nuestros estudiantes más pequeños faltan a la escuela el 10% del año escolar—como 18 días al año o solo dos días al mes. La asistencia irregular en kinder y primer grado puede predecir bajas calificaciones en exámenes, mala asistencia escolar y baja retención en los primeros años escolares, especialmente si el problema de asistencia persiste durante más de un año. ¿Sabes cuántos niños pequeños están ausentes crónicamente en tu escuela y comunidad?

**Quien es Afectado**  
Los estudiantes de kinder y 1er grado frecuentemente tienen niveles de ausencia tan altos como los de la preparatoria, (high school).

Muchas de estas faltas son justificadas, pero igual se suman al tiempo perdido en clase.

**1 de cada 10 niños** en kinder y 1er grado se ausentan crónicamente. En algunas escuelas es tan alto como 1 en cada 4 niños.

**Por Qué Importa**  
Si los niños no asisten regularmente, pierden habilidades fundamentales de lectura y matemática, y la oportunidad de crear el hábito de buena asistencia, que los conducirá a la universidad y a una carrera.

Datos preliminares de un estudio en California encontró que los niños que fueron crónicamente ausentes en kinder y 1er grado tuvieron menos probabilidad de leer a nivel 1 al final del 3er grado.

**¿Quién puede leer a nivel después del 3er grado?**

- 64% de los niños con buena asistencia en kinder y 1er grado (faltaron 9 días o menos en ambos años)
- 43% de los niños con asistencia en riesgo (faltaron más de 9 días en ambos años)
- 41% de los niños ausentes crónicamente en kinder y 1er grado (faltaron 18 días o más en ambos años)
- 17% de los niños ausentes crónicamente en kinder y 1er grado (faltaron 18 días o más en ambos años)

**Qué Podemos Hacer**

**Involucrar a las Familias**  
Muchos padres y estudiantes no saben cómo las ausencias en los primeros años pueden aumentar rápidamente los problemas académicos. Miembros comunitarios y maestros pueden educar a las familias, creando una cultura de asistencia escolar, dando información temprana, incentivando y atendiendo estudiantes.

**Hacer Arreglos para Llegar a la Escuela**  
La falta de un carro o perder el bus escolar puede que algunos niños no vayan a clase. Las escuelas, agencias de transporte y miembros comunitarios pueden organizar viajes compartidos en carro, proveer passes para el bus u otras maneras para que lleguen a la escuela.

**Atender las Necesidades de Salud**  
Problemas de salud infantil, particularmente el asma y los problemas dentales, son de las principales causas de ausencias escolares durante los primeros años. Escuelas y médicos pueden trabajar juntos a proveer atención médica y recomendaciones a los niños y sus familias.

**Monitorear los Datos Correctos**  
Con frecuencia las escuelas ignoran las ausencias crónicas ya que monitorean el promedio de asistencia o ausencias sin excusa, y no cuántos niños faltan muchos días por cualquier razón. Attendance Works tiene herramientas que crean una por seguimiento a estos datos.

Estos son algunos pasos que las comunidades y escuelas pueden tomar. ¿Cómo puede ayudar tú también?

## ATTENDANCE MATTERS

### Keep Your Child On Track in Middle and High School: Pay Attention to Attendance

Showing up for school has a huge impact on a student's academic success. Even as children grow older and more independent, families play a key role in making sure students get to school every day and understand why attendance is so important for success in school and on the job.

#### DID YOU KNOW?

- Students should miss no more than 9 days of school each year to stay engaged, successful and on track to graduation.
- Frequent absences can be a sign that a student is losing interest in school, struggling with school work, dealing with a bully or facing some other difficulty.
- By 6th grade, absenteeism is one of three signs that a student may drop out of high school.
- By 9th grade, attendance is a better predictor of graduation rates than 8th grade test scores.
- Missing 10%, or 2 days a month, over the course of the school year, can affect a student's academic success.

#### WHAT YOU CAN DO

##### Make school attendance a priority

- Talk about the importance of showing up to school every day.
- Help your children maintain daily routines, such as finishing homework and getting a good night's sleep.
- Try not to schedule dental and non-urgent related medical appointments during the school day.
- Keep your student healthy. If you are concerned about about a contagious illness, call your school or health care provider.
- If your children must stay home because they are sick, make sure they have asked teachers for resources and materials to make up for the missed learning time in the classroom.

##### Help your teen stay engaged

- Find out if your children feel engaged by their classes, and feel safe from bullies and other threats.
- Make sure your teens are not missing class because of challenges with behavioral issues or school discipline policies. If any of these are problems, contact the school and work with them to find a solution.
- Monitor your teen's academic progress and seek help from teachers or tutors when necessary. Make sure teachers know how to contact you.
- Stay on top of your child's social contacts. Peer pressure can lead to skipping school, while students without many friends can feel isolated.
- Encourage your child to join meaningful after-school activities, including sports and clubs.
- Support your students if you notice signs of anxiety, and if needed, seek advice from your school or health provider.

##### Communicate with the school

- Know the school's attendance policy – incentives and penalties.
- Check on your child's attendance to be sure absences are not adding up.
- Seek help from school staff, other parents, or community agencies if you need support.

### Mantenga a su hijo o hija en camino en la escuela intermedia y secundaria: preste atención a la asistencia escolar

Al mismo tiempo que los niños crecen y se vuelven más independientes, las familias desempeñan un papel clave para asegurarse de que los estudiantes vayan a la escuela todos los días y comprendan por qué la asistencia escolar es tan importante para el éxito en la escuela y en el trabajo. Las familias también pueden solicitar los recursos para ayudar a los estudiantes a aprender si no pueden ir a la escuela personalmente.

#### ¿USTED SABÍA?

- Los estudiantes no deben perder más de 9 días de clases cada año para mantenerse involucrados, exitosos y encaminados hacia la graduación.
- Las ausencias frecuentes pueden ser una señal de que un estudiante está perdiendo interés en la escuela, teniendo problemas con el trabajo escolar, lidiando con un acosador o enfrentando alguna otra dificultad.
- Para el sexto grado, el ausentismo es una de las tres señales de que un estudiante puede abandonar la escuela secundaria. Para el noveno grado, la asistencia escolar es un mejor indicador de las tasas de graduación que los puntajes de las pruebas de octavo grado.
- Faltar un 10%, o 2 días al mes durante el transcurso del año escolar, puede afectar el éxito académico de un estudiante.

#### LO QUE PUEDE HACER

##### Haga de la asistencia escolar una prioridad

- Hable sobre la importancia de presentarse a la escuela todos los días.
- Ayude a su hijo o hija a mantener las rutinas diarias, como terminar la tarea y dormir bien por la noche.
- Trate de no programar las citas dentales y médicas durante el día escolar.
- Mantenga saludable a su estudiante y, si le preocupa una enfermedad contagiosa, pida consejo a su escuela.
- Si su hijo o hija debe quedarse en casa porque está enfermo/a o en cuarentena, asegúrese de que haya pedido a los docentes los recursos didácticos y materiales para compensar el tiempo de aprendizaje perdido en el aula.

##### Ayude a su adolescente a mantenerse involucrado/a

- Averigüe si su hijo o hija se siente involucrado/a con sus clases y si se siente protegido/a de acosadores y otras amenazas.
- Asegúrese de que su hijo o hija no falte a clases debido a desafíos con problemas de conducta o políticas de disciplina escolar. Si hay alguno de esos problemas, comuníquese con la escuela y trabaje con ellos para encontrar una solución.
- Supervise el progreso académico de su hijo o hija y busque ayuda de docentes o tutores cuando sea necesario. Asegúrese de que los docentes sepan cómo comunicarse con usted.
- Manténgase al tanto de los contactos sociales de su hijo o hija. La presión de los compañeros puede llevar a faltar a la escuela, mientras que los estudiantes sin muchos amigos pueden sentirse aislados.
- Anime a su hijo o hija a participar en actividades significativas después de la escuela, incluidos deportes y clubes.
- Apoye a sus alumnos si nota signos de ansiedad y, si es necesario, busque consejo de su escuela o proveedor de atención médica.

##### Comuníquese con la escuela

- Conozca la política de asistencia escolar de la escuela: incentivos y sanciones.
- Verifique la asistencia escolar de su hijo o hija para asegurarse de que las ausencias no se sumen.
- Busque ayuda del personal de la escuela, otros padres o agencias de la comunidad si necesita apoyo.
